OWNER’S MANUAL
Model No. 79105
Congratulations on purchasing your
Universal® Gym Equipment PowerPak® LP700

With this product in your home, you are ready to begin your own workout program to tone and firm the muscle groups of your lower body. This is vital for all of us, regardless of age, sex, or fitness level, and regardless of whether your primary goal is toning, health maintenance, or more energy for daily activities.

Proper exercise, including a low fat diet, strength training and aerobic exercise, tones and conditions the muscles we use every day to stand, walk, lift and turn. It can actually transform our body composition by reducing body fat and increasing the proportion of lean muscle in our bodies.

Be sure to read through this owner’s manual carefully.

It is the authoritative source of information about your Universal® Gym Equipment PowerPak® LP700.

Universal® Gym Equipment assumes no responsibility for personal injury or property damage sustained by or through the use of this product.

Retain this manual for future reference.

IMPORTANT SAFETY INSTRUCTIONS

Read all instructions before using this machine.

CAUTION: Exercise of a strenuous nature, as is customarily done on this equipment, should not be undertaken without first consulting a physician. No specific health claims are made or implied as they relate to the equipment.

1. Know your heart rate and/or pulse, and your physician recommended target heart rate training zone.
2. Proper medical clearance is recommended for anyone beginning an exercise program, especially if you are over 35 years of age or suffer from heart or respiratory problems.
3. Warm up before any exercise program with 8 minutes of aerobic activity.
4. Wear comfortable clothes that allow freedom of movement and that are not tight or restricting.
5. Wear comfortable shoes with good support and nonslip soles.
6. Breathe naturally, never holding your breath during an exercise.
7. Perform exercises consistently with proper technique and pass through a full range of motion.
8. Avoid over training. You should be able to carry on a conversation while exercising.
9. After an exercise session, cool down with slow stretching, cycling or walking.
10. This machine should not be used by or near children.
11. Handicapped or disabled people must have medical approval before using this machine and should be under close supervision when using any exercise equipment.
12. Use this machine only for its intended use as described in this manual. Do not use attachments not recommended by the manufacturer.
13. Only one person at a time should use this machine.
14. Do not put hands, feet or any foreign objects on or near this machine when in use by others.
15. Always use this machine on a level surface.
16. Never operate the machine if the machine is not functioning properly.
17. Start exercise slowly and gradually increase the amount of resistance.
18. If you experience dizziness, nausea, chest pain or any other abnormal symptoms, stop exercising at once and consult a physician immediately.
19. Use caution not to pinch fingers or hands in moving parts when using this unit.

General Maintenance

1. Keep cables, pulleys and guide rods free of dirt, dust or any build-up to prevent drag or binding.
2. Wipe cushions clean after each workout.
3. Tighten hardware once every six months.

Ordering Missing or Defective Parts
When ordering parts, always provide the following information:

1. NAME, MAILING ADDRESS AND TELEPHONE NUMBER
2. DATE OF PURCHASE
3. WHERE PRODUCT WAS PURCHASED (NAME OF RETAIL STORE, CITY)
4. MODEL NUMBER (79105)
5. PART ORDER NUMBER AND DESCRIPTION

All details depicted in this owner’s manual, and of the product itself, are subject to change without notice.

Before you begin
1. FIND YOUR TOOLS: You need two adjustable crescent wrenchs, one set of allen wrenches and one rubber mallet. These tools are NOT included in the carton.
2. LOCATE YOUR WORK OUT AREA: For your safety and convenience, you must assemble the unit exactly where it is to be used, so that you will not have to move it once the assembly is complete. Allow ample space for the unit and space for the spotter to stand. The area must have adequate lighting and ventilation. If the area is within living quarters, protect the carpet or floor with a large mat prior to assembly.
3. GET A HELPER: It is recommended that two adults assemble the product. All persons involved in the assembly should be in good health and exercise great caution while manipulating heavy metal objects. Keep children away during assembly.
4. IDENTIFY YOUR HARDWARE: To identify a piece of hardware by physical size, use the rule provided on page 5.
5. TIGHTEN ALL BOLTS BY HAND FIRST: Do not tighten any bolts until the entire unit is assembled. Initially, all bolts should only be hand-tightened. Once all parts are in place, begin tightening the bolts at the top of the unit first, and work your way down to the floor.
6. INSTALLING FOAM ROLLS: Liquid soap applied to inside of foam pads and outside of tubes will help foam pads slide on easier. When soap dries, the foam pads will stay in place.

Universal® Gym Equipment Lifetime Limited Warranty

Universal® Gym Equipment (a division of FF Acquisition Corp.) warrants to the original owner of this Universal® Gym Equipment PowerPak® LP700, the following components to be free from defects in material and workmanship for the period specified. To establish warranty rights, the purchaser must retain the bill of sale. This warranty is only valid if the equipment is purchased from an authorized Universal® Gym Equipment dealer. Defective parts will be repaired or replaced at the option of Universal® Gym Equipment. All labor is the responsibility of the owner.

**Warranty Period** (begins at date of purchase)

**EXCEPTIONS AND CONDITIONS**

Failures due to improper assembly, neglect, alteration or modification, damage, misuse, repairs other than by an Universal Authorized Service Center or lack of maintenance (see Owners Manual) are not covered by this warranty. This warranty does not cover damages sustained during shipment or transportation of equipment. Any damage in transit should be filed with the carrier.

Please note that it is our policy to replace components and not entire machines or assemblies. We may also first attempt to repair structural components to make them functional as designed, the result of which may be visible. Repair of the products as provided under this warranty is the exclusive remedy of the customer.

The coated steel frame is rust-resistant in most settings. However, rusting/corrosion is outside the scope of the warranty. We recommend that if this machine is to be installed in high humidity areas (outdoors, near a pool or by a hot tub, etc.), the owner apply an automotive wax to delay the onset of corrosion. Sweat, cleaner, body lotions and sunlight can be corrosive and are the responsibility of the owner.

Universal® Gym Equipment shall not be responsible for injury, loss of use of the Universal® Gym Equipment product, or any inconvenience, loss of damage to personal property, whether direct or indirect, and incidental or consequential damages. This warranty and all warranties that may be implied under state law, including but not limited to warranties of merchantability and warranties of fitness for any purpose, expire with transfer of ownership from the original owner. Any implied warranty of merchantability or fitness for any particular purpose shall be limited for one year.

**Replacement and Repair Expenses**

Universal® Gym Equipment will prepay for shipment of replacement /repair parts to owner by standard ground transportation as long as it falls under the “warranty of the product”. All other cost are the responsibility of the owner of the machine (for example: labor charges for service, removal, reinstallation or shipping/handling/delivery charges for returning component to Universal® Gym Equipment).

**How To Make A Warranty-Covered Claim**

Should your machine require warranty service, please **first** contact the Universal® Gym Equipment Authorized Dealer from which you purchased this machine. Your dealer may offer you assistance in making the warranty claim or may be a Universal® Gym Equipment Authorized Service Center. Before contacting either your dealer or Universal® Gym Equipment, please do the following:

1. Refer to the parts list in your owners manual to help identify the part/components in question.
2. Write down the serial number (located on the frame).
3. Have available a copy of your dealer’s bill of sale (with date of purchase indicated).

If your dealer is unable to help you, please use the following number to contact Universal® Gym Equipment about your warranty claim: **1-800-472-9856 (US)** between the hours of 8:00 am and 5:00 pm (CST). Or write to Universal® Gym Equipment (a Division of FF Acquisition Corp.), Attn.: Customer Service-Parts P O Box 1296 West Point, MS 39773.
